National Level Essay Writing Competition on “The Philosophy of Aristotle” 17th November, 2016

Centre for Positive Philosophy and
Interdisciplinary Studies (CPPIS)
Pehowa (Kurukshetra)-136128
Haryana
<http://positivephilosophy.webs.com>

The Centre for Positive Philosophy and Interdisciplinary Studies (CPPIS) Pehowa (Kurukshetra) on the occasion of the 2400 Birth Anniversary of Aristotle & World Philosophy Day-2016, going to organize a **National Level Essay Writing Competition on “The Philosophy of Aristotle”**. The competition aims at giving an opportunity to the youth of country to come across the various aspects of the philosophy of Aristotle and his contribution to the world of knowledge.

Aristotle (384 BC – 322 BC) was a Greek philosopher, a student of Plato and teacher of Alexander the Great. His writings cover many subjects, including physics, metaphysics, poetry, theater, music, logic, rhetoric, linguistics, politics, government, ethics, biology, and zoology. Together with Plato and Socrates (Plato's teacher), Aristotle is one of the most important founding figures in Western philosophy. Aristotle's writings were the first to create a comprehensive system of Western philosophy, encompassing morality, aesthetics, logic, science, politics, and metaphysics.

UNESCO has declared 2016 the Aristotle Anniversary Year to mark the philosopher's 2,400th birthday. The 38th session of the UNESCO General Conference held in Paris, was declared Jubilee year 2016 year of Aristotle. Mankind will commemorate the anniversary of the famous philosopher activities worldwide. Aristotle and his philosophical theories are known the world over thanks to the continuation of his teachings and the extensive body of work he left behind. Medieval scholars in the Arab world referred to him as “the first teacher”, his works formed the starting point for many philosophical and scientific theories, and he continues to be regarded as one of humanity's most important and influential philosophers. In this continuation the essay competition will be a significant tribute to this great scholar from our Centre for Positive Philosophy and Interdisciplinary Studies (CPPIS) Pehowa (Kurukshetra). You can visit the following webpage for our all initiative related to celebrating 2400 years of Aristotle:
